

# INAUGURAL SPACE ROBOTICS CHALLENGE

FRIDAY, SEPTEMBER 3RD - SUNDAY, SEPTEMBER 5TH, 2021

The **Mines Space Robotics Challenge** is a weekend-long event focused on developing underrepresented engineering students with career aspirations in aerospace. The competition provides up to 50 first-year students the opportunity to...

**PARTICIPATE IN A  
HANDS-ON ENGINEERING  
CHALLENGE**

**NETWORK WITH  
INDUSTRY  
PROFESSIONALS**

**BUILD RELATIONSHIPS  
WITH LIKE-MINDED  
STUDENTS**

The vitality and growth of the aerospace industry depend on recruiting and training more engineers who come from a wide range of diverse backgrounds. Engaging underrepresented engineering students in collaborative, project-based work helps Mines educate and prepare the next generation of aerospace industry leaders and build a robust pipeline of talent.

## BUT WE NEED YOUR HELP

Please consider supporting this event at one of the partnership levels below.

### PARTNERSHIP OPPORTUNITIES

#### BLAST OFF

\$0

VOLUNTEER AS A  
PANELIST, JUDGE,  
OR KEYNOTE

#### EARTH

\$500

COMPANY LISTED  
ON PROGRAM  
MATERIALS

#### INTERPLANETARY

\$1,000

EARTH PERKS +  
COMPANY LISTED  
ON WEBSITE

#### INTERGALACTIC

\$1,500+

INTERPLANETARY PERKS  
+ LOGO ON T-SHIRT  
+ SOCIAL MEDIA SHOUTOUT
