

ASCE/AGC Meeting Summary

Week 4: Kiewit

February 3rd, 2023

This meeting recap is intended to allow all ASCE/AGC members to stay up to date with the events that take place during our weekly meetings!

Announcements:

1. The Building the Connections event is coming up this Sunday February 5th! Come network with employers in a low-stress environment. Today is the last day to sign up! For more information, please email Benji Rizzi at brizzi@mines.edu.
2. ASCE regionals are fast approaching! The cost to [register](#) to attend regionals is \$50. For questions about regionals, contact Ryan Irvine at ryanxirvine@mines.edu.
3. Concrete Hearts will be happening in Maple Plaza Wednesday 2/8 from 11am-3pm. Email Jeremiah at jwoollenweber@mines.edu if you would like to help or just stop by to say hi!
4. Join us next week (Friday 2/10) for a presentation from JR Engineering.
5. Follow us on Instagram: @asce.mines

Civil Engineering Fun Fact of the Week:

The Jeddah Tower is a skyscraper being built in Saudi Arabia. When completed it will be the tallest skyscraper in the world by standing at 1 km tall. It will also be sustainable, and built under the auspices of the architectural philosophy of Global Environmental Contextualism.

Today's Presenters: Jeff Hammer and Kramer Hall with Kiewit

This week's presentation was about different Civil Engineering Projects with Kiewit. Some of the topics covered include:

- Estimating and procurement for a large project
- Different types of skills that are required to complete a large project
- Widening of a single large bored tunnel project
- Cavern constructions
- Gross reservoir expansion project and waste material storage

Thank you to our presenters, Jeff Hammer and Kramer Hall!

Enjoy your weekend and good luck with Career Fair!

Respectfully,

Riley Miller, ASCE-AGC Secretary, Spring 2023
