SAILOr’s SCOOP

SPRING | ISSUE 5 | MAY 5, 2020

SAILOY SENIOR SPOTLIGHT

Adam will be graduating with a Masters Degree in Computer Science. This summer he will be moving to Houston, TX to begin a career with BP as a Data Scientist. His favorite SAIL memories include the constant chaos and groups of students in the office at any hour of the day, working with Thomas Yates, and when Kea would visit. It’s been a fun 6 years at Mines and 4 years with SAIL!

Molly is graduating with a Bachelors in Chemical Engineering and a minor in MME. She’ll be moving to Texas to start her job as a Process Engineer at OcyChem. She’s been an integral part of SAIL’s success serving as the lead and also our ray of sunshine each day. One of her favorite memories of SAIL is riding the RTD downtown with the student staff for the German Christmas Market this December to celebrate the end of the semester. They laughed the entire ride!

Gibson will be graduating with a B.S. in Environmental Engineering. She will be staying in the Denver area to work for Kimley-Horn on their Integrate Water team as a Civil Analyst. Her favorite memory working for the FSL Office was all the fun days she spent in the office with other staff and student employees. Everyone always had something fun to say and it really became her happy place in the time she worked there!

Elliot will be graduating with a B.S. in Electrical Engineering after working on the finance team for SAIL.

CELEBRATION OF MINES REGISTRATION

It’s time to start preparing for fall already! Join SAIL as we host Celebration of Mines on Friday, August 28th from 4-7pm. Register today to show off what your club or organization is all about while recruiting new members and discovering new clubs for yourself!

COMMENCEMENT HIGHLIGHT

Celebrating the Class of 2020
As the semester comes to a close, we are looking forward to celebrating our graduates in a virtual commencement ceremony. Even though this isn’t the commencement we envisioned, this ceremony is a special way to celebrate together virtually until we are able to celebrate in person in the future. Tune in to the live broadcast of Mines' virtual Commencement ceremony on Friday, May 8. The undergraduate ceremony will start at 10 a.m. and the graduate ceremony will begin at 12 p.m. MT.

The broadcast will include speeches, recognition of award recipients and other special videos and will be available on-demand after the ceremony’s conclusion.

Video clips and slides of graduates will be available on the Mines Commencement website to view at any time. You can also follow along with and join our celebrations on social media—tag Mines and use #MinesGrad on Twitter (@coschoolofmines) or Instagram (@coloradoschoolofmines).
Now that your organization has completed transitions and the Spring semester is winding down, it is the perfect time to tie up a few pending items and to start planning for Summer and Fall.

**CONTACT INFORMATION UPDATE** - Don’t forget to update your leadership info on Engage. And don’t forget to update your advisor’s information either. It is our primary way of reaching out to you.

**SUMMER AND FALL PROGRAMMING** - If you need ideas to create virtual programming and opportunities to connect, please check out our virtual engagement page for ideas [https://www.mines.edu/student-activities/virtual-engagement/](https://www.mines.edu/student-activities/virtual-engagement/). You can also reach out to the SAIL pro staff or to BSO, and we will be happy to help you formulate a plan that fits your organization. Clubs are a key source of stress relief for the students and they provide a community. It is more important than ever that we provide opportunities for students to stay actively engaged with their organizations.

**NEWS UPDATES FOR BSO ORGANIZATIONS:**

- **Allocations** - Allocation forms have been reviewed. Funding totals for clubs under BSO will be communicated to the new treasurers as soon as we have final information on enrollment for Fall 2020. We expect this to be around mid-June.

- **Presidents’ Round Table** - Remember that at the start of the Fall semester, clubs’ representatives will need to attend Presidents’ Round Table, so stay tuned for information from BSO.

- **Unforeseen Financial Costs** - If your organization reports to BSO and experienced an unexpected financial burden in order to maintain programming and operations remotely, you can fill out the form located on BSO’s Engage page: “Money Lost Due to COVID-19.”

- **Reach Out to Us** - We are here to help. Don’t hesitate to contact us!

---

**COMMENCEMENT CONTINUED**

**Undergraduate Live Broadcast**
- Invocation
- Alma Mater
- Welcome Remarks
- Undergraduate Student Address
- Recognition of Commissioned Cadets
- Recognition of Academic Awards and Honors
- Conferal of Baccalaureate Degree Recipients
